REVENUE MEMORANDUM CIRCULAR NO. 72-2004

SUBJECT : Clarification of Issues on the Additional Transactions Subject to Creditable Withholding Tax under Revenue Regulations No. 17-2003 (RR 17-2003), as amended by RR 30-2003, RR 1-2004 and RR 3-2004

TO : All Withholding Agents, Internal Revenue Officers and Employees and Others Concerned

I. BASIS OF WITHHOLDING TAX

Q1. What shall be the basis of expanded withholding tax (EWT) or creditable withholding tax (CWT) on payments made to a Non-VAT registered supplier of goods or services?

A1. *The basis shall be the gross billing.*

Example of income payment to NON-VAT registered contractor:

<i>Gross Billing on Services</i>	<i>P100,000.00</i>
<i>Less: 2% EWT x P100,000.00</i>	<u><i>2,000.00</i></u>
<i>Net amount due the payee</i>	<u><u><i>P 98,000.00</i></u></u>

Q2. What shall be the basis of CWT to a VAT registered supplier of goods and services?

A2. *The basis shall be the gross amount paid exclusive or net of VAT.*

Example of income payment to VAT registered contractor:

<i>Gross amount paid</i>	<i>P110,000.00</i>
<i>Less: 2% EWT (P110,000.00 x 10/11 x 2%)</i>	<u><i>2,000.00</i></u>
<i>Amount due the payee</i>	<u><u><i>P108,000.00</i></u></u>

Q3. What shall be the basis of EWT in case goods and services are not billed separately on purchases made by the Top 10,000 Private Corporations (TTC)/Government Office (GO)/Large Taxpayer (LT)?

A3. *In cases where purchase of goods are separately billed from purchase of service, the applicable rate of 1% on goods and 2% on services shall be applied respectively. However, in case of failure to separately bill goods and services, the higher rate of 2% shall apply.*

Q4. On rentals of personal property in excess of P10,000.00 per year under Section 2.57.2(C)(2) of RR 2-98 as amended by RR 17-2003, what will be the basis of the 5% EWT considering the following payments for taxable year 2003 and on what month will the payor withhold the tax?

June	P 3,000.00
July	3,000.00
August	3,000.00
September	<u>5,000.00</u>
TOTAL	<u>P 14,000.00</u>

A4. *The basis of the 5% EWT shall be the total amount of P14,000.00 to be deducted from the September payment since it is the period when it exceeded the threshold of P10,000.00/annum. However, if the withholding agent reasonably expects that the annual rental will exceed P10,000.00, then it may start withholding on the first month in the above example (June). “Reasonably expects” is determined when it clearly shows in the documents like lease contract/agreement the amount to be received within a given period.*

The basis of withholding as applied above shall also be applicable to other income payments with applicable threshold amount of income payments.

Q5. Could we consider a seller of goods or services as regular supplier if the amount per transaction is only P500.00 but has more than six (6) transactions in a taxable year?

A5. *The term “regular suppliers” is defined as suppliers who are engaged in business or exercise of profession/calling with whom the taxpayer-buyer has transacted at least six (6) transactions, **regardless of amount per transaction**, either in the previous year or current year. The threshold amount of less than P10,000.00 applies only to a “single purchase”.*

II. ON INCOME PAYMENTS TO MERALCO, COMMUNICATIONS AND OTHER UTILITY COMPANIES

Q6. Are payments to Meralco and telecommunications companies like PLDT, SMART, etc. considered payment for services and as such, subject to the 2% EWT if the payor is TTC/GO/LT?

A6. *Payments to Meralco and telecommunications companies are considered payments for services and therefore subject to the 2% EWT if the payor is a TTC/GO/LT pursuant to Sections 2.57.2 (M) and (N) of RR 2-98, as amended.*

Q7 For payments made to Meralco by TTC/GO/LT, what will be the tax base in the computation of the 2% EWT.

A7 *It shall be the current amount due appearing in the billing statement.*

Q8. Is the installation and removal cost of service application for temporary service, reimbursements made by the payor to Meralco for charges for relocation of poles and other electrical facilities, use of rubber hose for safety precaution and testing of meters considered as non-revenues subject to the 2% EWT?

A8. *The payment made by the TTC/GO/LT to Meralco on installation and removal cost of service application for temporary service is subject to the 2% EWT. On the other hand, all amounts reimbursed by the payor to Meralco for relocation of poles and other electrical facilities are not subject to 2% EWT.*

Q9. Is the payment to telecommunications companies by the TTC/GO/LT on overseas dispatch, message or conversation originating in the Philippines subject to the 2% EWT? What shall be the tax base?

A9. *Yes. The tax base shall be the amount paid less the overseas communication tax.*

Q10. Is the TTC/GO/LT-lessee required to withhold the 2% EWT on its payments to Meralco, PLDT and other utility companies which are coursed through the lessor, the electric meter being in the name of the lessor?

A10. *Yes, the TTC/GO/LT-lessee shall withhold the 2% EWT whether or not the electric meter is in its name provided that valid proof that payment of a particular expense is being shouldered by the payor claiming the expense. The lessee shall present the contract of lease together with the photocopy of the notice from the BIR designating the corporation as one of the Top 10000 Private Corporations to Meralco, PLDT and other utility companies through the lessor and shall likewise issue the corresponding BIR Form No. 2307 in the name of the utility companies.*

Q11. TTC/GO/LT failed to withhold tax on payments to Meralco, telecommunications companies, service providers, purchase of supplies or goods etc. as enumerated under RR 17-2003 from June, 2003 to present. May the TTC/GO/LT deduct the tax from the current billing of the said companies? Will the TTC/GO/LT be penalized for its failure to withhold for the months of June and July, 2003?

A11. *No, withholding of the EWT shall be in the current month and may only be deducted in the billings for the current month. Penalties for failure to withhold the 2% EWT from prior periods shall be imposed on the payor-withholding agent but it may request for abatement of penalties under RR 13-2001 dated September 27, 2001.*

III. ON INCOME PAYMENTS TO PROFESSIONALS/TALENTS ETC.

Q12. What are the prevailing withholding tax rates applicable to income payments made to professionals, talent, etc.?

A12. *On gross professional, promotional and talent fees or any other form of remuneration for the services of professionals, talents, etc., the withholding tax shall be 15% if the gross income for the current year exceeds P720,000 and 10%, if otherwise. The income tax withheld are creditable against the income tax due computed at the end of the quarter or taxable year.*

Q13. How will the withholding agent determine the applicable rate considering that he/it may not have knowledge of the gross earning of the payee from all sources?

A13. *In order to determine the applicable rate of 10% or 15% to be applied by the withholding agent, every payee (professional/talent/corporate director/juridical person) shall periodically disclose his/its gross income for the current year to the BIR by submitting a NOTARIZED SWORN DECLARATION in three (3) copies {2copies for BIR and 1 copy for the taxpayer} to the Collection Division of the Regional Office/LTAD/LTDO where the income earner is registered. The disclosure should be filed on June 30 of each year or within 15 days after the end of the month the payee's income reaches P720,000, whichever comes earlier. In case the total gross income is less than P720,000 as of June 30, he shall submit a second disclosure within 15 days after the end of the month when his gross income exceeded P720,000. Copies of the sworn declaration stamped "RECEIVED" by the BIR shall be furnished to each concerned withholding agent/payor.*

Thus, for the period January 1 to June 30, unless the payee has informed the payor/withholding agent through the sworn declaration that his gross income has exceeded P720,000, the applicable withholding tax rate is 10%. Starting

July 1, if the payee fails to execute a sworn declaration or furnish a copy to the payor if one has been executed, the withholding tax shall be 15%.

In case the withholding agent has made accumulated payments within the year exceeding P720,000 to a particular payee, then subsequent payments by the payee shall be subjected to 15% even without the sworn declaration.

Q-14. Are honoraria paid to instructors of cooking lessons, martial arts and various sports and health activities subject to EWT?
